**PETITION TO CORRECT A FILING DATE
PURSUANT TO 37 C.F.R. § 1.10(d)**

MS Petition

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313

Dear Sir:

Applicants hereby petition the Commissioner for Patents under 37 C.F.R. 1.10(d) to correct the filing date accorded to U.S. patent application number 10/531,159, filed by Keim et al. This document is Applicants' second petition to correct the filing date. The earlier petition, filed June 9, 2005, was denied by the USPTO. However, Applicants believe that all issues have not been fully considered and submit this second petition for the USPTO to reconsider the relevant facts in support of its position.

On April 11, 2005, Applicants filed by Express Mail a U.S. patent application as a nationalization of PCT patent application PCT/US2003/032887, filed October 14, 2003, which claimed priority of U.S. provisional application number 60/417,843, filed October 11, 2002. The U.S. provisional application is believed to have continuous pendency with the PCT application because October 11, 2003, fell on Saturday and the next regular business day for the USPTO was October 14, 2003. The Certificate of Mailing for the U.S. patent application bearing Express Mail No. EV667329735US and executed on April 11, 2005, and accompanying transmittal documents addressed to the United States Receiving Office, is provided in Exhibit A.

Applicants deposited the Express Mail package containing the U.S. patent application directly with employees of the U.S. Post Office on April 11, 2005, under Express Mail Label No. EV667329735US. The Express Mail package was pre-addressed to: Mail Stop: PCT RO/US, Commissioner of Patents, P.O. Box 1450, Alexandria, VA 22313-1450. Please see attached Exhibit B.

On April 26, 2005, Applicants received the return postcard with the assigned serial number for the U.S. patent application. On the return postcard, the accorded U.S. filing date was given as April 12, 2005. Please see Exhibit C.

Upon close inspection, Applicants discovered that the U.S. Post Office had written the date-in on the Express Mail receipt as April 12, 2005, see attached Exhibit B. Further investigation, including interviews with all persons involved in handling the Express Mail package, and discussions with the U.S. Post Office, revealed that the U.S. Post Office had made a mistake as to filling in the "date accepted" field of the Express Mail receipt. In fact, the Express Mail package was deposited directly with employees on April 11, 2005, and should have received the same date accepted.

In support of Applicants' petition, the following facts are offered as evidence of the events as they transpired. Express mail packages are taken daily from the offices of Quarles & Brady (law firm representing assignee) by Intellequick courier service. Intellequick makes one pick-up of Express Mail packages from Quarles & Brady each business day and transports them to the U.S. Post Office. The affidavits of Maritza O'Neill and William Bilyk confirm that Express Mail EV667329735US containing the subject national stage patent application was placed in the Intellequick courier pick-up bin on or about 4:30 p.m. on April 11, 2005, see Exhibit D. These affidavits were made under oath and penalty of perjury and should be accepted as accurate and reliable statements.

Intellequick maintains a courier log with time and date entries for each pick-up and delivery in its normal course of business. As recorded in the courier log, the Express Mail was picked up from Quarles & Brady at 6:07 p.m. and deposited with the U.S. Post Office at 6:56

p.m. on April 11, 2005, see Exhibit E. The courier log is an independent and contemporaneous record that the Express Mail was in fact taken to the U.S. Post Office at the indicated time.

As further evidence that Express Mail EV667329735US was deposited with US Postal Service on April 11, 2005, note that the U.S. Post Office records show Express Mail EV667329735US in their possession as of 5:05 p.m. on April 12, 2005, see Exhibit F. As recorded in the Intellequick courier log, the next Express Mail pick-up by Intellequick from the offices of Quarles & Brady did not occur until 6:08 p.m. on April 12, 2005. This following delivery was made to the U.S. Post Office at 6:58 p.m. on April 12, 2005. Therefore, the U.S. Post Office was indisputably in possession of the Express Mail EV667329735US before the regular delivery by Intellequick on April 12, 2005.

Based on the courier logs, which were made contemporaneous with the events in question, and the time and date entries in the U.S. Post Office Express Mail tracking system, the Express Mail package was in fact deposited with employees of the U.S. Post Office on April 11, 2005. See also Express Mail Certificate executed on April 11, 2005, attached as Exhibit A, and sworn affidavits of Robert D. Atkins, Maritza O'Neill, William Bilyk and John Mitchell, attached as Exhibit D.

Based on reviewing the same information as explained above, the U.S. Post Office has confirmed and acknowledged in writing that "this mailing was dropped off at our Main Post Office on April 11, 2005, not April 12, as indicated on the Express Mail Label", see attached Exhibit G.

This petition is being filed as promptly as the circumstances and gathering of information would allow. The present patent application is of high business importance to the assignee of record. For all of the foregoing reasons and based on the supporting documentation, Applicants respectfully request the Commissioner to grant this petition to accord U.S. Patent Application No. 10/531,159 a filing date of April 11, 2005.

Keim *et al.*

USSN: 10/531,159

PETITION TO CORRECT FILING DATE PURSUANT TO C.F.R. §1.10(d)

Applicants further request that the subject patent application be withdrawn from abandonment and submitted for examination before the USPTO.

The Commissioner is hereby authorized to charge the \$130 petition fee required under 37 C.F.R. 1.17(h), as well as any additional fees due, or to credit any overpayments to Deposit Account No. 17-0055.

Respectfully submitted,
